

2027 SPCOA Convention: June 15–16, 2027!
Registration forms will be posted on the SPCOA website by
March 15, 2027.

NOW YOU KNOW!

- ➔ RMs, Pest Control Officers, and Farmers can buy directly from us!
- ➔ We offer free delivery to RMs in Saskatchewan!
- ➔ GWP offers a convenient pickup location in Moose Jaw, available Monday to Friday, 9am to 5pm.

GWP is proud to share that our very own **Ashley**, alongside fellow Pest Control Officer Tenie Schoettler, presented at this year's annual Saskatchewan Pest Control Officer Association Convention. Their presentation focused on the fundamentals of Pest Control Officer duties and how they conduct their annual inspections.

Ashley is always happy to support fellow Pest Control Officers and RM administrators by answering questions and sharing her knowledge and experience. Whether it's conducting inspections, planning annual rounds, working with challenging landowners, or discussing Saskatchewan's Rat Control Program, she's always willing to help.

If you missed the presentation or would like to review it again, you can find the presentation slides, along with several other informative presentations, on the [SPCOA website](#) under the "More" tab.

**GWP Closed for Deliveries
August 10-14**

HOMES

CABINS

GARAGES

SHEDS

OTHER
INDOOR AREAS

PROTECT YOUR CAMPER AND CABIN THIS FALL! *5 Ways to Keep Mice Out This Fall!*

We know many of our customers enjoy spending their summers camping and relaxing at the cabin. Before you close everything up for the season, take a few simple steps to help prevent mouse infestations.

Prevention is the best way to protect your investment and avoid costly damage caused by rodents.

STORAGE TIP: Throughout the storage season, check your camper or cabin regularly for signs of rodent activity. Place snap traps in strategic locations as a monitoring tool.

Remove all food, including canned goods, snacks, pet food, and bird seed.

Thoroughly clean cupboards, drawers, countertops, and floors.

Empty all garbage and recycling containers.

Remove potential nesting materials such as paper, cardboard, and fabric scraps.

Inspect and seal any openings around pipes, vents, utility lines, and undercarriage areas.

COMMERCIAL BAIT FOR RATS & MICE

Only to be used by certified pest control operators, farmers, and persons authorized in government-approved programs.

Featured Product

SALE
\$26

RAMEX

Reg. No: 13920 | Diphacinone 0.005%

Use Limitation: Indoor & Outdoor Use

RAMEX is manufactured right here in Canada!

RAMEX is a family-operated business located in Winnipeg, Manitoba.

RAMEX has been in business since 1974.

RAMEX has eliminated large rodent infestations in five to seven days, including the "hard-to-kill" Norway rat.

RAMEX is manufactured with whole kernels of hulled oats, which minimizes oxidation and provides a "dust free" product with a longer shelf life.

RAMEX has a unique flavor which rodents find irresistible.

Regular Price \$31 | SAVE \$5

Where are you baiting? Location matters.

The location helps determine which bait is appropriate, as some rodenticides are only labelled for indoor use.
